Associated Teachers of Mathematics in Connecticut

Dine, Discuss, and Escape

Free ATOMIC Event for Members

What is the event?

Start with dinner and then attend two sessions (one discussion and one escape room)

Speakers:

Robin Moore-(K-7) Instructional Strategies and Practices to Strengthen Problem Solving
Ready to improve how students problem solve? Learn how to transform students from reporters of answers to understanders and communicators of mathematics through word problems and other mathematical situations. Leave with ideas for practices and instructional strategies that you can bring back to your classroom, school, and/or district.

Jeff Corbishley-(8-12) Desmos - Powerful Instructional Tool: learn about the various classroom activities and embedded graphing features of Desmos. Time will be spent learning some successful strategies and it's link to promoting productive mathematics discussions.

Escape Rooms: Elementary Escape Room or Secondary Escape

When is the event?

November 29th 2018
5:30-8:00pm

Where is the event?

Haddam Killingworth High School
95 Little City Road
Higganum, CT 06441

How to register ?
