

Spring 2013 Professional Development Offerings

<p>A 21st Century Approach to Teaching Algebra</p> <p>Presenter: Jennifer Silverman Date: April 10, 2013 Time: 9:00 a.m. to 3:00 p.m. Location: 355 Goshen Road Litchfield, CT Fee: \$100 Hours: 5 Audience: Middle/High School Math Educators and Administrators</p> <p><i>Algebra 1 for the 21st Century needs to be a rich, context-based study of patterns, equations, and functions. Students should be expected to work collaboratively and individually on hands-on, computer-based, and paper-and-pencil inquiry investigations. The emphasis throughout the course must be on applying algebraic thinking to solve meaningful, relevant, authentic problems, aligned with the Common Core State Standards. Come see what this looks like and bring home classroom-ready activities - and lots of food for thought!</i></p>	<p>A 21st Century Approach to Teaching Geometry</p> <p>Presenter: Jennifer Silverman Date: April 12, 2013 Time: 9:00 a.m. to 3:00 p.m. Location: 355 Goshen Road Litchfield, CT Fee: \$100 Hours: 5 Audience: Middle/High School Math Educators and Administrators</p> <p><i>Geometry can be an exciting, inquiry-based course that explores major concepts in the context of fields as diverse as art, architecture, history, and graphic design. Explorations, constructions, and proofs can be completed through activities using computer software, web-based applets, and hands-on materials. The emphasis in Geometry should be on relevant and interesting applications of important geometric concepts, aligned with the Common Core State Standards.</i></p>
<p>iPad App Crowdsourcing: English/Language Arts</p> <p>Presenter: Jane Donn Date: April 10, 2013 Time: 9:00 a.m. to 3:00 p.m. Location: 355 Goshen Road Litchfield, CT Fee: \$60; or with iPad mini, 16GB+WiFi: \$450 Audience: K-12 ELA Educators Hours: 5</p> <p><i>What are the best instructional apps in English/Language Arts? As teachers, we need time to explore and determine what works best in our classrooms, especially with all of the new Common Core State Standards. Join us for a collaborative work session to find the best apps! All participants will become authors and receive a digital copy of our collective efforts: the book, "Crowdsourced Instructional Apps."</i></p>	<p>iPad App Crowdsourcing: Science</p> <p>Presenter: Kerry Macfarland Date: April 24, 2013 Time: 9:00 a.m. to 3:00 p.m. Location: 355 Goshen Road Litchfield, CT Fee: \$60 with iPad mini, 16GB+WiFi: \$450 Audience: K-12 Science Educators Hours: 5</p> <p><i>What are the best instructional apps in science? As teachers, we need time to explore and determine what works best in our classrooms. Join us for a collaborative work session to find the best apps! All participants will become authors and receive a digital copy of our collective efforts: the book, "Crowdsourced Instructional Apps."</i></p>
